

No waymark post, not needed.

Good wide path

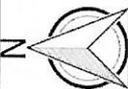

Path on ground does not follow the legal route next to hospital boundary wall. Path runs more into the field, is narrow with shrubs and brambles encroaching, but passable.

2. Waymark post

1. Waymark post, arrow for Restricted Byway. Gap. Post and opening cleared of creepers during survey. There used to be a sign saying No Motor Vehicles, this has now disappeared.

3. Stile

4. Wooden stile, locked gate, waymark post from road.
