COMMUNITY ENGAGEMENT SURVEY

The Council would like to thank all residents who completed the questionnaire form. In total, some 227 valid responses were received which is a 27% response rate by number or households (227 out of 829 households in Llandough). For a survey of this kind the rate of return is very good placing significant reliance in the results obtained.

The recommendations derived from the survey responses were: -

INTERIOR VIEW OF HALL

- The Council should give strong consideration as to how it can improve the Parks, Play Areas, and Sports Facilities and how it can support and work with the local School.
- The Council should give strong consideration to how it might work with the local pub as this is a reasonably well valued local facility.
- The Council should consider how it might work with local businesses.
- The Council should explore how it can go about attracting a doctor's surgery to Llandough and a local shop/s to the area.
- It would be a quick win for The Council to investigate public transport provision to and from Llandough.
- The Council might want to consider how they can go about encouraging constituents to form small community-based groups that serve the community.

IN TOUCH

- It is strongly recommended that The Council pursue the Vale of Glamorgan Council to place the local playing fields in to trust for the community.
- When planning community engagement, the Council will need to be mindful of the seemingly different needs and requirements of different demographic sectors of the community.
- The Council should continue with its Biodiversity work as this is valued by the community and is another 'quick win'.
- The Council should investigate development options for the reserve allotment sites in Lewis Road.
- The Council has formed a Community Engagement Working Party to take forward the recommendations of the survey report and actions will be taken where possible in support of their delivery. A full copy of the survey report is available on the Council's website.

MULTI USE GAMES AREA

In light of the views of residents that the Council should seek to enhance the play facilities available for young people, the Council has arranged to meet with the Vale of Glamorgan Council with Councillor George Carroll to assess how a multi-use games area can be provided within Llandough. At the meeting we will be looking at possible locations and funding arrangements. The Vale of Glamorgan Council has some funding available from what are called S106 funds and the Community Council will be considering whether the shortfall can be covered by grants or possibly a loan requiring Welsh Government approval.

LLANDOUGH ROYAL BRITISH LEGION CLUB

Situated directly behind the Llandough War Memorial Hall, the Club is very keen to attract more visitors to its lovely, friendly and welcoming establishment right in the heart of the village. It is also an ideal venue for family parties and celebrations. Why not drop by any evening for a drink and a chat and see what we can offer. CORBETT ROAD ALLOTMENTS

There are just a few names left on the waiting list for a plot at this excellent allotment site so this is an ideal opportunity for you to put your name on the list. Allotment gardening is in vogue at the moment as it provides people with the opportunity to get involved with local food production, eat healthier food and get that much needed exercise. It is also a way of meeting new people and learning from the experience and know-how of experienced gardeners. The cost of an allotment for a full year is around £37 with reductions for those who have reached state pension age. If you would like to have your name on the list, please contact the Clerk (contact details below).

CAR PARKING ISSUES

All members of the Council are frustrated as residents are about the day-time, weekday parking problems on residential roads. The Council has repeatedly complained to the Hospital Management, Police, the Vale Highways Officers and Vale Councillor for Llandough. Over the years, we have helped bring about some improvements but the core problem remains. The Council regularly meets with Hospital Management to discuss with them what they can do to address the issue and it appears that despite their best efforts they are unable to effectively deal with the problem. It has to be acknowledged that they have no control of what happens on the public highway. The Council has recently written to the Vale of Glamorgan Council requesting a meeting to discuss the possibility of time restricted residential parking areas being introduced in the village. The Council has made it clear that Llandough is a special case being the only community in the area with a hospital which is the second largest in Wales. We will keep residents updated on progress.

APRIL OPEN MORNING

The Council is arranging an open morning on Saturday 28 April, 2018 from 10.00am to 12 Noon which will be an opportunity for residents to meet organisers of local groups with a possibility that you will be able to sign up to become a member of groups. There are a range of groups operating in the village who cater for the needs of all ages. We will also be making a presentation on the history of your community going back hundreds of years. You will be very surprised to find out the special nature of the long history of Llandough. We will also be providing refreshments at no cost to those attending. Further details will be published nearer the date. Hope to see you there.

ST. DOCHDWY'S CHURCH PRE-SCHOOL PLAY GROUP

Llandough TOTs is a get together for those with pre-school children on Wednesday mornings during school term time. Held at Llandough War Memorial Hall, from 9.30am to 11.30am, you are welcome for tea/coffee and toast at a moderate cost of £1.50. Come and meet other mothers, fathers and grandparents with their children. You and your children would be most welcome.

Defib DEFIBRILLATOR

The Council needs the help and support of residents to support a grant application to the Big Lottery for a defibrillator to be purchased and affixed to the front wall of the Llandough War Memorial Hall. We have already applied for a grant that was refused due to insufficient evidence of community engagement. In order to address this point and hopefully re-submit and achieve a successful outcome the Council wishes to invite you to send a letter or e-mail of support for the application to the Clerk to the Council (contact details below). We hope that many of you will help out as this facility can save lives.

DID YOU KNOW THAT: -

The Council applied for an innovative practice award under the One Voice Wales' scheme for local council service of the year and at a ceremony held in Builth Wells on 5 July, 2017 Council representatives were presented with a highly commended certificate. Councillor Dr Mo Misra, Chairman of the Council commented that, 'I am delighted to receive the certificate as it recognises all the work that goes on behind the scenes to make Llandough such a wonderful place to live.'

The Council hopes that all residents will have a special time on St David's Day
